...t and ednesday; light frost in mountains tonight.

VOL. CVXIIII.— 126. ALEXANDRIA, VIRGINIA, TUESDAY, JUNE 10, 1913. PRICE, 2 CENTS

BUSINESS MEN MET LAST NIGHT

Large Gathering of Members of The Chamber of Commerce.

TOPICS OF INTEREST.

Railway Schedule, Telephone Service, Unequal Taxation and Armour Plate Plant Considered.

A great deal of important business was transacted last night at the regular monthly meeting of the Alexandria Chamber of Commerce. The meeting was well attended by members of the organization.

The first business disposed of was the new schedule of the Washington and Old Dominion Railway, Bluemont division, which became effective May 18th and gives to Alexandria an afternoon connection at Bluemont Junction.

Satisfaction was expressed with the schedule as printed and the secretary of the chamber, J. T. Preston, was instructed to endeavor to secure from the Railway Company an additional connection with the Washington train that leaves about 2:20, leaving Aexandria about 1:55 to connect at Bluemont Junction about 2:20 p. m.

The committee instructed to investigate the complaints against the telephone service was continued to enable the committee to secure more data regarding the complaints.

The committee on the vagrant law, reported progress and was continued in service.

The question of unequal state taxation was the mots important subject discussed by the chamber and it received careful consideration. The special statement now being prepared by Secretary Preston which will be prined later covers the unequal taxation of property in Virginia in a through manner. This statement, prepared from information of the incomes an dexpenditures of every county and large city in the state of Virgnia, shows that 29 countes and 19 cities of the state of Virginia, are paying the entire state revenue, 71 counties being an actual drain upon the state, caused by the system of unequal taxation. This stement, when printed, will be sent broadcast throughout the state for the purpose of presenting the matter to the people interested.

A special committee to take up the armor plate matter was not appointed at last night's meeting, but it was decided to appoint this committee of seven members to take charge of this important matter. The committee will probably be appointed by President Pierce of the chamber some time today.

Secretary Preston was made a national chancellor and delegate to the National Chamber of Commerce which is to meet early next spring. This is an organization of most of the chambers and trade bodies in the United States and meets annually.

....Held for Shooting Officer.....

Gordonsville, Va., June 10.—Chief of Police R. G. Watkins, has just returned here after a trip to Roanoke, where he went to identify the negro who shot him last February. Mr. Watkins had as his prisoner Henry Miller, who is now in the Orange jail, where a number of persons will try to identify the negro as the criminal.

It will be recalled that one night last winter Chief Watkins attempted to arrest a negro who was supposed to have robbed the store of A. G. Bel, of Cobham, near here, when the negro shot from ambush and wounded the officer through the thigh.

The new public printer is to be Cornelius Ford, of Hoboken, N. J. His nomination went to the Senate today.

WANTED—An experienced packer for a wholesale grocery house. No other need apply. N. Lindsey & Co., Inc. 10 3t.

NEWS OF THE DAY.

Mrs. George W. Lewis, of Kansas City, was killed and fifty passengers were injured when Missouri, Kansas and Texas pasenger train No. 3, southbound, was wrecked six miles south of McAlester, Okla., Sunday, The wreck was caused by the train striking four horses, one of which was thrown against a switch stand with such force as to break the stand and split the switch. The entire train, with the exceptions of one sleeper, left the track, and four of the cars were demolished. The train was running fifty miles an hour.

Alonzo T. Mosman, 78 years old, a former assistant in the coast and geodetic survey, killed himself in the bathroom of his apartment in the Portner, at Fifteenh and U streets northwest, Washington, early yesterday by sending a bullet into his brain through the roof of his mouth. A month ago, it is said, Mr. Mosman tried suicide and failed. For a long time he had suffered from a cancer in his face, and which was threatening to destroy his sight. Mr. Mosman had been in the coast and geodetic survey service for 57 years, and recently was chief of the chart division of the survey. He was a native of Massachusetts.

Believing when Harrison Elton, a wealthy farmer residing near Cumberland, O., learned that his guest and friend, Henry Belden, who had taken dinner with him recently, did not relish the food Mrs. Elton had prepared, he went to his barn and hung himself. Elton was bitterly disappointed when Belden, whom he had invited to dinner, ate very little. Belden, by way of explanation, said that he rarely ate veal, a roast of which Mrs. Elton had carefully prepared. Believing that it was because of his wife's cooking Elton expressed his regrets and left the house. His body was found later.

Thelma Wright, aged 7, is dead, in New York, and Earl Faith, her 12-old step-brother,(is hysterical, as the result of the two children playing Indians. The boy carried his father's rifle. The little girl's weapon was a pistol carved from a piece of wood. She was "stalking" on the stairway when her brother fired. The bullet pierced her left breast.

"If the United States were confronted with such a grave emergency as war in the Pacific, it would be possible for us to float the Atlantic fleet across the Isthmus by October 1, this year, and not before,' 'declared Col. George Goethals on his arrival at New York last night. He said that the trouble still experienced on the Isthmus with slides was slight, and that all would be right by the time the canal is ready for maritime traffic on January 1, 1915. We can begin flooding the cut on July 1, but it will take three months before we can get a depth of thirty-five feet and two months more before a mean depth of 85 feet can be reached," added the Colonel. "Weshould have to hurry things to get the fleet through by October, but if the need was urgent it could be done."

With fire still raging in her forward hold, the the steamship Olinda, for which scores of vessels have been searching since early yesterday morning yesterday was on her way convoyed to Charleston, S. C., by the U. S. gunboat Nashville and the steamer Curitayaba. She was picked up midway between here and Bermuda at 10 o'clock this morning, and men from the warship were at once sent aboard to aid her own crew and passengers in their efforts to put out the flames. Wireless reports state that all three vessels are making the best speed they can, but they will not reach Charleston before noon Today.

Mystery developed last night in the sudden death yesterday in New York, of Anna Sorenson, 11 months old, who had been ill with measles at Woodhaven, L. I. An autopsy revealed the presence of poison in the infant's stomach and two needles were found, one in the liver and the other in the abdomen. Detectives advance the theory that some one with a grudge against the family entered the sickroom during a quarter hour that the infant was left unattended, and administered the poison. It is the opinion of the coroner that the needles had been in the body of the baby at least a week.

FOUR MORE SUSPENDED.

Houston Again Wields Axe For the Third Time on Weather Bureau.

Washington, Jun 10.—Th official ax fell in the weather bureau yesterday for third time since Willis L. Moore himself was recently deposed as chief because of his activity in trying to become secretary of agriculture.

Secretary Houston suspended, pending further investigation J. Warren Smith, professor of metorology, Columbus, O., Henry B. Hersey, general inspector, Milwaukee; Rosswitte E. Pollock, section director, Trenton, N. J., and Norman P. Conger, general inspector, Detroit, Mich.

Thirty-nine heads have now fallen in the weather bureau, either by depsition, demotion or suspension, as a result of Moore's alleged misuse of his position. Two days ago 31 men were demoted and two others were suspended pending investigation. Previous to that one of Chief Moore's Lietuenants, Charles T. Burns was demoted.

Secretary Houston has decided to make a clean sweep and further action is looked for.

The department of justice yesterday finished its investigation in the case of Moore. A report was placed in the hands of Attorney General McReynolds, who will decide what action shall be taken.

Columbus, O., June 10.—Suspension of Prof. Warren Smith, professor of meterology and director of the Columbus weather bureau, the most important station in Ohio, is attributed by his friends to "politics." Professor Smith wrote a letter endorsing Willis L. Moore for secretary of agriculture and his friends presume that his suspension came as a result of this letter.

LOST—One and one half yards of blue Silk Messaline, one yellow silk girdle. Finder will please leave at Gzaette Office. 10 3t.

TAMMANY HONORS CARLIN.

Alexandria Congressman to Address Wigwam.

As has been stated in the Gazette, Congressman Charles C. Carlin, of Alexandria has just had a big honor conferred upon him. He has received an invitation to address Tammany Hall, in New York, on July 4, this being the 137th celebration of American Independence.

The invitation was signed by John R. Voorhies, grand sachem Charles F. Murphy, Timothy D. Sullivan, and other well-known Tammany leaders.

It is a fixed custom that one man is never invited to address this famous organization more than once. Last year the honor went to Congressman Oscar Underwood and this year, as just stated, Mr. Carlin has been chosen to make the annuall address.

To be selected for this purpose is no small thing, and Mr. Carlin is very glad to be able to accept the invitation. He will go into the "Tiggers," den and hand down the very best brand of Democracy he is able to deliver, and for which the Old Dominion has long been famous.

It is not known exactly how the Tammany organization came to choose Mr Carlin for this honor, except that he is one of the best known of the younger Democrats in Congress, and has a well known record for being a fluent orator as well as a convincing expounder of Democratic doctrines. Those who have had the pleasure of hearing him know that there are few better speakers anywhere in the country.

JUNE COLD WAVE.

Remarkable Weather Throughout Eastern States.

The coldest weather ever recorded during June in the Middle Atlantic and New England States, the Ohio Valley and the Great Lage Region is reported to the Weather Bureau. The Gulf States are the only territory east of the Rockies to escape an unseasonable drop. "A high barometric pressure of great magnitude" is the official reason. Frosts are reported from Vermont, Central New York, New England, Pennsylvania, Ohio, Michigan and Wisconsin.

Frosts were predicted for last night in the Great Lake Region, the Upper Ohio Valley, the North Atlantic States and the mountain districts of the Middle Atlantic States.

Many places in Pennsylvania reported frost yesterday morning, a condition almost unknown in this state for the month of roses. The Weather Bureau received reports of a heavy frost at Scranton, Pa. At Harrisburg and other cenral parts of the state light frost was reported.

The minimum temperature in Philadelphia was 47 degrees, within one degree of the lowest ever recorded in June by the Wather Bureau. Forty degrees were registered in some parts of the interior of the state.

A dispatch from Rome, N. Y., says this section suffered severely from frost Sunday night. Mercury went down to 26. Farms and garden products were badly damaged.

There was a heavy frost in the vicinity of Middletown, N. Y. Thin ice formed in places shut off from the wind. Considerable damage was done to vegetation.

Breaking all records of the local Weather Bureau for any June day, the thermometers officially registered a temperature of 37 degrees early yesterday at Columbus, Ohio. Light frost visited some sections of Central Ohio.

Fruit and vegetable growers throughout parts of Michigan report considerable damage as the result of Sunday nights frost. The temperature dropped to 40 in many places.

At 5 o'clock yesterday morning the thermometer registered 46.5 degrees in Baltimore.

Stock for Virginia.

Baltimore, June 10.—The pork and mutton families were represented by two passengers on the Johnston Line steamer Vedamore, from Liverpool, by a horned Somersethire ram and a boar from Huntington, England, both bearing pedigrees as far back as the oldest families. The animals were sent to the national quarantine, at Turner's Station, for 15 days' observation before being forwarded to Westmoreland Davis, at Leesburg, Va.

JACK FROST IS IN EVIDENCE IN JUNE

Ice Reported Today in Certain Sections of New York State.

NO RELIEF IN SIGHT.

Killing Frosts in Southwest Virginia, Withered Crops and Fruit Trees in The East.

Washington, June 11—Killing frosts as far south as Woodville in southwest Virginia, unseasonable cold weather throughout the Eastern States, with ice in the Adirondacks, and withered crops and fruit trees over a big section of the East, all went to form a record today of unseasonable cold June weather.

There is but little prospect of relief in sight for the enormous territory east of the Mississippi river. The forecast today is fair tonight and Wednesday with not much change in temperature.

There were temperatures below freezing recorded last night in Vermont, New Hampshire and Maine. Heavy frosts were recorded throughout the great lake regions, all of Interior New England, Interior New York, Pensylvania, the mountain regions of Maryland, West Virginia and Virginia. These frosts covered a vast agricultural and fruit-raising country.

Though no official reports have been received, it is understood that heavy damage was done last night in the orchard districts of Maryland, West Virginia and Virginia. Extensive apple and peach orchards in Washington county and the mountain counties to the west probably suffered severely.

Warnings of heavy frosts in all of these regions were given by the weather bureau, and these warnings have been repeated today, giving the orchardists and farmers opportunity to take all possible precautionary measures to protect their crops. These frost warning were first sent out Sunday.

In the more northern states conditions are much worse than they are in the middle Atlantic regions. On many of the mountain lakes of New York and New England ice has formde, while press dispatches say that there was a heavy snowfall in Montreal, Canada.

GO TO GREET DR. MULLER.

Distinguished Party Will Welcome Brazilian Premier.

Washigton, June 10.—Secretaries Bryan, Garrison and Daniels, Brazilian Ambassador De Gama, Senator Root, Major-General Wood, chief staff of army; Dudley Field Malone, Assistant Secretary of State; Franklin D. Roosevelt, Assistant Secretary of the Navy, and a distinguished party of officials left here yesterday on the Government yachts Mayflower, Sylph and Dolphin for Hampton Roads to greet Dr. Lauro Muller, Brazilian Minister of Foreign Affairs, who lands there today.

The Brazilian Minister comes to repay the visit of Mr. Root to South America when he was Secretary of State. An elaborate program of official functions has been arranged for the distinguished guest while he is in this country.

The official party fram Washington upon their arrival in Hampton Roads will be met by convoy of American warships—the battleships of Florida and Arkansas and the destroyers Beale, Perkins and Walke—will steam out to sea to meet the Brazlian dreadnought Minas Geraes, with the Brazilian Minister aboard.

A round of ceremones will attend his landing. After being receved by Secretary Bryan and inspecting Fort Monroe the party will leave for Washington tonight. Wednesday Senor Muller will be received by President Wilson, who will give a reception in his honor.

The Willard Woman's Christian Temperance Union brought a beautiful bouquet of cut flowers to Gazette office this afternoon. It was a kind remembrance and greatly appreciated by the recipients.

CLOSING OF PUBLIC SCHOOLS.

Final Exercises Will Begin Monday Next, June 16th.

The city school board committee, composed of Harry Kirk, Clifton Howard and W. S. Nicklin, together with the superintendent of Public Schools, W. H. Sweeney, and Conrad Johnson, principal of Lee High School, held a meeting last night at the Lee school, during which it was decided to hold commencement exercises Monday evening, June 16th. All arrangements were therefore agreed upon.

The commencement exercises for the Alexandria High School will be held in the Young People's Building of the M. E. Church South, next Monday evening.Rev. Dr. Duffey will deliver the invocation, after which the commencement address will be made by Congressman C. C. Carlin. Dr. D. M. Smith, chairman of the City School Bard, will present the three medals to graduates, the Blanton Medal for Latin, the Ficklin History medal and the medal on English, given by Miss Hoffman. After which diplomas will be handed the graduates.

A Chorus of children will sing the Star Spangled Banner, and it is expected to secure the American Indian Guard band to furnish the music for the evening.

The Young People's Building will be beautifully decorated for the occasion. Invitations for the exercises will probably be sent out in a day or so.

PROSPECTS FOR PEACH CROPS.

Reports from the peach-growing sections of the state of Georgia, are to the effect that there will be a very short crop of that fruit this year. The officials of the Southern Railway which road carries a very large proportion of the Souhern grown peach crop to northern points, report that this year's crop will not make over 1,500 carload while an average good crop from Georgia requires about 7,000 cars to carry the frui. This will mean a decided curtailment of revenue for the railway, as peaches are the highest priced freight hauled on accoun of their perishable nature.

WILL ADDRESS INDIAN GUARDS.

The regular business meeting of the American Indian Guards will be held tomorrow evening at 7:45 o'clock, instead of Friday evening as announced, the Rev. Edgar Carpenter will address the organization, choosing for his theme, 'Improving the Time." The public is cordially invited.

LORIMER PUTS HIS HAT IN THE RING

Illinois Senatorship Likely to be a Hot Political Battle.

SEEKS VINDICATION.

Ousted Senator Prepares For Vigorous Campaign—Opens His Headquarters in Chicago.

Washington, June 10—Illinois will be the battleground of one of the hottest political struggles to elect a successor to Senator Lawrence Y. Sherman, in November, 1914.

Senator Sherman is now serving the unexpected part of the term of William Lorimer, who was ousted from the senate. Lorimer himself has come out as a candidate and will seek vindication at he hands of the voters.

Lorimer announced his purpose some time ago. Now, it develops he has opened expensive headquarters in Chicago and has prepared for a campaign on a great scale. This time, in view of the direct elections amendment he will have to appepal to the entire elecorate of the State, and not merly to the legislature.

The Illinois contest, moreover, will draw national attention from the fact that the Bull Moose party is planning to get a Senatorship if possible. The Democrats are also preparing for a strenuous campaign.

Lorimer will make his first fight for the Republican nomination in the primaries. In this, he will be opposed by Senator Sherman, who seeks reelection and probably by Charles S. Deneen, former governor of the state. Medill McCormick, Roosevelt supporter, looms up as an aspirant for nomination in the Progressive party ranks. There will be several others, including B. F. Harris and State Senator Jones.

Congressman-at-large, Lawrence B. Stringer is the most conspicuous of the Democratic candidates.

NONOGENARIAN PASSES AWAY.

Proprietor of Texas House Hillsville Dead.

Calax, Va., June 10.—W. C. Thornton died Friday at his home in Hillsville. He was abou 93 years old, and as propreitor of the Texas house ,was no doubt at his death the oldest hotel man in the United States doing active business.

He was a soldier in the civil war, and had since been a justice of the peace almost continuously. His wife, who is but a ew years younger, is still living, and, like him, still remarkably active and alert for one of her age. They have been married for more than sixty years, and have a large family of children, all of whom are married.

During the early stages of the Allen cases many newspaper correspondents and lawyers stayed at the Texas house, which is to the right of the Carroll county courthouse and overlooks the court green where Sidna and Floyd Allen had their closing duel of the day's slaughter March 14, 1912.

CHILD BURNED TO DEATH.

Set Fire to Clothes While Playing With Matches.

Philadelphia, Pa. June 10.—Playing with matches in his home yesterday afternoon, 5-year-old Thomas Loftus, of No. 1474 Seybert street, was so seriously burned that he died last night in St. Joseph's Hospital. With his clothes in flames the child ran to the front door of the house just as William Phillips was passing in an auto truck. Phillips stopped the car, and seizing the boy hurried to St. Joseph's Hospital.

NEGRO IDENTIFIED.

James Avis, With Numerous Aliases, Will be Taken to Gordonsville.

Sheriff W. C. Bond, of Orange county, accompanied by R. G. Watkins, chief of police of that place, arrived here today for the purpose of conducting James Avis, colored to Orange county, where he is wanted to answer the charge of shooting Watkins February 16, 1913. The chief of police was badly wounded in the groin.

Avis is a mulatto, 25 or 28 years old, about five feet nine inches high and has been known as a 'legger" in the dry territory between Washington, D. C., and Clifton Forge, Va. He is suspected of robbing the store of A. J. Bell of Cobham, Va., and of J. W. & S. Cornet at Lindsey, Va. He is said to sail under various aliases, among them that of Charley Jones, Waverley Jones and "Teddy Bear."

The negro, it will be remembered, was arrested in Washington recently on suspicion of stealing and butchering a cow belonging to Mrs. Susan A. Calvert, who resides at Four-Mile Run, Alexandria county, and turned over to the police of this city.

The Orange county officers will leave with their prisoner late this afternoon. They were engaged for a time today in examining the negro's effects which were found in a large trunk. It is a miscellaneous collection of goods. A pistol was also found in the trunk.

DIED FROM HIS INJURIES.

R. W. Brooks, a Brakeman, Struck By a Passenger Train North Of This City

Unaware of the approaching passenger train, R. M. Brooks, twenty-five years old, brakeman for the Washington-Southern Railway, was caught in a net work of tracks about three miles north of this city last night and fatally injured.

Brooks was struck by a north-bound train and hurled over the tracks. He was picked up unconscious some time later by fellow-employes of the Potomac Railway Yards, and was hurried to this city for treatment. He was taken to the Alexandria Hospital and was operated on in an effort to save his life by Dr. W. M. Smith early this morning. His death followed later. The unfortunate man sustained a fractured skull as well as a broken arm and leg, and bad injuries to his body. He was a native of Richmond, Va.

NO CHANGE IN SITUATION.

Both Branches of City Council Meet Tonight--Liquor Licenses Unsettled

The regular semi-monthly meeting of the City Council will be held tonight. Practically all the business incident to the close of the fiscal year has been transacted, except the passage of the license bill, and, so far as could be ascertained today, the waters are still troubled and the matter of license tax upon liquor dealers remains to be settled.

While nothing definite can be learned as to the outcome of this question, some persons seem to think that the two boards will fail to reach an agreement at tonight's meeting, in which event some other measure may be devised in order to render the ordinance operative.

Most of the business which will be presented tonight will, it is expected, be of a general nature.

Logan Smith, colored, became incensed one day last week at Missouri Baker, also colored, in a house on Franklin street, and picking up a heavy goblet from a table hurled at the woman's head It reached the mark, cutting his victim, blood flowing freely from the wound Smith was arrested, but the woman being unable to appear, the case was continued until this morning.

Smith was brought before the Police Court when the woman testified that the assault was unprovoked, but Smith alleged that the assault was the outcome of a quarrel in which the complainant exasperated him Smith was fined $20.

JEWISH SHABOUTH.

Holiday Will be Observed in The Synagogue Tonight.

The celebration of Shabouth, or the Feast of Weeks one of the most important holidays of the Jewish religious calendar, will be celebrated tonight. Ancient Jewish traditions have associated with the Feast of Weeks, the giving of the Ten Commandments at Mount Sinai. Services will be held in the synagogue of this city at 7:30 o'clock.

The ceremonies will be continued tomorrow night at which time confirmation will be administered Jewish children in some of the synagogues. Flowers and floral decorations figure prominently in the confirmation exercises. Synagogues following an ancient custom are sometimes decorated with fresh green branches.

New and Dainty Summer Dresses For Women
Touches of dainty colors enliven the new summer wash dresses for women. Recent rrivals to our displays depict the daintiest and most attractive effects which we have ever displayed.
Every style closely adheres to the present fashion tendencies and should prove once and for all that beauty and correctness of modes can be just as prominent in inexpensive materials and simple designs as in the high-priced and elaborate.
Pretty and sheer voiles in a great diversity of floral, figured, and stripped effects of many exquisite summer shades are very popular; Crepes are also extensively used.
Made ina wide variety of styles, draped and plain skirts,and coatee effects being in the majority, with trimmings of colored embroidery and sash er of ribobn to match. The neck and bottom of sleeves are finished with fine gathered net.
The touch of color so prominent in these new summer effects is carried out in some other styles by having the skirt made of white crepe or voile, and the overdress of figured or fancy colored material. This makes a delightfully dainty and attractive dress, having all the appearance of coolness mingled with the pretty shades that summer sanctions.
In these various effects simplicity predominates, but many artistic and fancy styles are particularly pleasing.
Priced at $10, $13.75, $15.00, $19.75, and $25.00.

NEWS OF THE OLD DOMINION.

T. P. A. CONVENTION.

Delegates Arrive in Richmond on Every Train.

Richmond, Va., June 10.—With six hundred delegates and visitors in the city and others coming in on special trains from all parts of the country, the twenty-third annual convention of the Travelers' Protective Association was started on its way Monday night with a monster lay service in the Second Baptist Church, the address being delivered by George H. Armstrong, of Philadelphia.

Long before the hour set for the opening of the services last night, delegates, visitors, local friends and members of the church congregation began to arrive and by 8 o'clock practically all of the pews were filled. Chairs and benches were pressed into service and rapidly filled. Before the services opened many people had been turned away and for half an hour afterwards disappointed ones were denied admission for lack of space within the church.

The services were conducted almost entirely by laymen, a number of whom were in the pulpit. James F. Ragland presided and conducted the services, and pronouncing the invocation. "How Firm a Foundation," sung by more than a thousand voices, filled the church auditorium with its music, after which Thomas Poindexter conducted scriptural reading. "The Sign of The Crossing." the subject of Mr. Armstrong's address, was also the title of a solo composed for the occasion by J. W. Cridlin, of Post A, and sung by Haddon S. Watkins. Rev. J. J. Gravatt, chaplain of Post A, offered prayer after an introduction by James D. Crump. Mr. Armstrong delivered his address. The value of character and the importance of giving thought to the safety of the soul were the main points brought out by the speaker, who illustrated his ideas with frequent stories of personal experience. Environment, he said, may explain much, but it will excuse no man the failure to build a pure and lofty character. Just as the lily springs from the muck of swamps, so many fine characters have been developed out of bad environment through faith and devotion to right principles. Mr. Armstrong spoke as man to man in conversational tones, driving home his chief lessons with the proper gestures and the right inflections. He delivered no oration, but his appeal to men to "stop, look and listen," and to heed the voice of the inner conscience which is given as a guide to every man, made a deep impression upon his auditors.

The Jefferson Hotel, the headquarters of the convention, was thronged with delegates and their wives last night. Two special trains from the west were met by committees and the arrival of these delegates at the hotel greatly increased the crowd, although many went straight to their quarters in the other hotels. The accommodations offered at all the hostelries seemed to please the visitors and many expressions of approval were heard on all hands. The indications are that the early predictions of more than a thousand delegates and visitors being in attendance will be fulfilled. There were six hundred or more in the city last night and not more than half the accredited delegates had arrived. The late comers, most of whom are expected this morning, and their families will greatly swell the number, so that when the first session is held this morning after the parade at least eight hundred delegates are expected to be present.

A feature of the parade will be an imitation sample case, made of corrugated pasteboard and filled with samples of goods made in Richmond. These cases will be delivered to all except Richmond delegates and covered with the hotel labels and a "Made in Richmond" label.

PITIFUL HISTORY.

Talented Musician dies in Botetourt Almshouse.

Roanoke, Va., June 10—In the death of Joseph Margrave, in the Botetourt county almshouse about three miles from Fincastle Wednesday the final chapter was written in a pitiful history of misfortune and suffering. Margrave was a professor of music, graduated from one of the most famous schools in Germany.

His talent and efficiency was beyond question, yet his eccentric nature, it is believed, had served as a bar to high attainments in his profession.

Although he died in a county institution and had been an object of charity in Botetourt for several years, almost a thousand dollars in cash was found among his personal belongings. The body was interred at the almshouse where Margrave died.

No one knew Mr. Margrave's age. He has lived in Botetourt county for years and has taught music in a majority of the most prominent families in that section.

The dead musician held a diploma from a German school of music showing he had graduated with first honors. He often spoke of his career as a student and of his association with persons of noble birth during his early career. He was an only child, and his parents are both dead. One son lives on Pott's Creek, in Botetourt county.

Notwithstanding Mr. Margrave was regarded as penniless, $83 cash was found after he died in the pockets of an old and much-worn pair of trousers. The small hoard will go to his son, who, so far as is known, is his only living relative, except a wife from whom he was divorced several years ago.

STUDENT EDITORS.

Charlottesville, Va., June 10.Frank W. Rodgers, of Dendron, Va., has been elected to the position of Editor-in-chief of Corks and Curls, the annual published by the students of the University of Virginia. Powell C. Groner, of Norfolk, was made assistant editor-in-chief, and John A. McNaughton, of New Yoak city, business manager. Mr. Rogers is a member of the Civic Club and the Raven Society. Mr. McNaughton managed the University Magazine during the present session.

College Topics, the semi-weekly, published by the General Athletic Association, will have the following editors:Samuel Tilden Bitting,of Carlsbad, N. Mex., editor-in-chief; Powell C .Groner, of Norfolk, news editor; George Dashiell Fowle, of Washington, D. C., assignment editor.

The approaching finals at the University of Virginia are expected to be attended by an unusually large number of alumni. The boys of 1908 are coming back 200 strong, determined to capture the reunion trophy cup, to be given by the Colonade Club and awarded annually to the class having the largest percentage of its living membership in attendance at the finals.

HOUSE WRECKED BY ENGINE.

Mother and Daughter Scalded to Death by Accident.

Richmond, Va., June 10—As the result of a freight wreck of the Clinchfield division of the Norfolk and Western near Sleveland, Sunday morning, the home of Mrs. Owens was destroyed,she and her daughter were scalded to death; Engineer Gillespie and Fireman Stewart were crushed to death under the engine.

The two women were asleep in bed when a flood of steam from the wrecked locomotive overwhelmed them. Miss Owens was 17 years old.

Westbound freight No. 85, with two engines derailed at 4 o'clock near Cleveland, which is west of Bluefied. Both locomotives left the tracks plunging down a steep embankment the lead engine crushing the home of Mrs. Owens. It was the engineer and fireman on this engine who were killed.

The enginer and fireman on the second engine jumped, but received injuries that probably will prove fatal. Other trainmen are reported hurt.

Eleven of the freight cars loaded with merchandise left the track and they took fire and were destroyed. At the offices of the Norfolk and Western today it was said that it is probable that the wreck was due to a broken truck on the tender of the lead engine.

HAS PTOMAINE POISON.

Revenue Agent Victim of Attack Which Puzzles His Physicians.

Richmond, Va., June 10.—Colonel W. H. Chapman, United States Revenue agent for the Second District of Virginia, is ill at his home 107 South Third street, with what his physicians fear may be ptomaine poisoning. Symptoms have appeared which indicate the poison, but it is thought possible that it may be simply a case of disordered digestion. Colonel Chapman is confined to his bed, and in considerable pain, with no idea of when he will be in condition to appear at his desk. Dr. W. S. Gordon, who is attending him, refrained from pronouncing the case ptomaine poisoning, but said there was a possibility of such trouble. An inflammation of one limb, coupled with other symptoms, point to poison.

Mrs. Miranda Clarke Cooke, of Hartford, Conn., was granted a divorce Friday from Jerre Knode Cooke of New York city, the former Hempstead, L. I., clergyman, who eloped in 1907 with Floretta Whaley a young girl of his congregation.

THE MOSQUITO PROBLEM.

In the early days of the summer people living in low country, especially in the tidewater region, are unpleasantly reminded of the arrival of the warm season by the presence of mosquitoes. It has been demonstrated fully to the satisfaction of the medical fraternity that malaria is caused by the bite of a certain kind of mosquito. This variety is known as the anopheles. The difference between it and the other species of the insect is beyond the ken of the layman, and he is interested or should be, in stamping out the entire family, root and branch.

The Virginia Department of Health has recently published a pamphlet on the subject and its instructions should be followed by every family that is annoyed by the pests, and this includes about the entire population in some sections.

It is well known that mosquitoes do not breed in runnig waters, and in back waters, where the tide overflows twice each day, it is impossible for the eggs to hatch. It is the stagnant water undisturbed for a period of several days, where the insects breed. The water need not, necesarily be of great volume. A rain barrel is as useful for their purpose as a large pond. There is even authority for the belief that the deadly anopheles variety prefers for a breeding place, some small pool on the ground, formed by the impress of an animals foot.

It has been discovered that the pests will breed, also, in catch basins, watering troughs, house gutters, flower pots, tin cans, bottles, barrels, bath tubs, cesspool, buckets, tin dippers and numerous other places over which the house wife has direct supervision. The insects will breed in such places without number. We have the highest medical authority for the statement that 19,110 mosquitoes, by actual count, were found in a single barrel in a Minnesota town.

The pests bred right at home are far more likely to annoy us than those from a distant swamp a mile or two away. The latter, perhaps, we may not be in a position to blot out, but that we can prevent their propagation on our own premises we have ample reason to believe, and a little activity in this direction might tend to make the summers more attractive in this section of the country.

The suffragettes arson squad started a fire in the royal box at the race course yesterday. We suppose that might be called making it hot for the crowned heads.

A Texan shot up a Baltimore cafe and was arrested for it. It seems to us that the boasted Maryland hispitality is not so manifest as of yore. A fellow can't feel at home over there at all.

What is so rare as a day in June? Oh, shucks. A day in January sometimes approaches it very nearly.

The stock market is just darrying on these days. We note its circus performances with a calm which can only be equaled by those who have tried the margin game and sworn off.

MONTAGUE AGAIN CHOSEN.

Richmond Congressman to go for Third Time to Maritime Conference.

Richmond, June 10.—For a third time in the course of two national administrations, Andrew Jackson Montague, congressman from Richmond, has been selected as a delegate from the United Staes to the inernational conference of maritime law, which is to meet in Brusses next September. This series of conferences was begun about ten years ago.

Mr. Montague was the selection of President Taft in 1909 and was a second time a delegate in 1910. He has accepted for a third time upon the condition that his congressional duties at Washington do not interfere with the proposed journey to the Belgian capital.

Representative Montague has also been appointed a delegate from this country to the Interparliamentary Union, which will hold sessions at The Hague, beginning September 1. It will be possible to attend the Brussels and The Hague meetings on the same trip.

Congressman Montague will also be one of the speakers at the joint convention which is to be held by the New York Bankers' Association, of Canada, which will convene in the Candadian capital next Thursday, at the special invitation of the Dominion government. The joint bankers' convention is a forerunner of the celebration of the centennial of the peace treaty of Ghent.

FIRE IN PETERSBURG.

Fire in R. H. O'Kennon Building Entails Heavy Loss.

Petersburg, Va., June 10.—Fire at about 2 o'clock yesterday afternoon almost entirely destroyed the large three-story department store of R. H. O'Kennon, entailing a loss of many thousands of dollars.

The firemen devoted much of their time to saving adjoining property. Just how the fire started is not known but it had gained great headway when it was discovered.

Mr. O'Kennon's loss is partly covered by insurance. The fire occurred while many clerks and business men had gone to their mid-day meals.

MAY RESULT IN LYNCHING.

Enraged Citizens Look for Criminal Who Attacked Woman.

Roanoke, Va., June 10.—Enraged citizens and posses of officers have been searching since Sunday morning for the negro, who made a murderous attack upon Mrs. Lloyd Alley, a bride, who was alone in her home in Williamson, W. Va., Saturday night. The assault occurred at an early hour Sunday morning. It is feared that the negro will be lynched in case he is caught and identified.

Mrs. Alley was choked by her assailant until she bled at the mouth. Two arrests were made by the police but the crime cannot be fixed upon either prisoner. Both prisoners will be released.

The citizens in the vicinity of Williamson are greatly aroused and are ading in the search for the criminal, who will be given a speedy trial, even if he does not suffer mob violence.

Delegates Named.

Richmond, June 10.—The following delegates from Virginia to the American Association of Officials of Charity and Correction have been appointed by Governor Mann.

Miss Rose M. McDonald, Alexandria; Mrs. J. E. Alexander, Alexandria; Miss Mary E. Sayre, Lynchburg; Miss Gertrude Philpots, Norfolk; Miss Louise F. Price, Richmond, the Rev. Charles Hannigan, Richmond, the Rev. Arthur Rowbotham, Roanoke; S. H. McVitty, Salem.

The association will meet this year at Springfield, Ill., and stay in convention from June 24 to June 26, inclusive.

Danville, Va., June 10.—J. O. Womack, Jr., the young son of a prominent citizen here, left Saturday morning for Richmond, to take the Pasteur treatment after being bitten by a dog Wednesday, which developed rabies and had to be killed.

The child was playing with some boy friends when the dog snapped at the boy's leg, drawing blood.

STARS AND BARS IN INDIANA.

Southern Veterans Honor Memory of Indianana.

Indianapolis, Ind., June 10.—For the first time the stars and bars of the Southern Confederacy decked the State capitol of Indiana yesterday when a bronze bust of Colonel Richard Dale Owen, commandant at Camp Morton, near Indianapolis, in 1862, the gift to the state of Confederate soldiers who were Colonel Owen's prisoners, was unveiled.

Although the feelings of war days have mellowed, it is probably the first time that Confederate soldiers have so honored a union soldier.

General Bennett H. Young, of Kentucky, commander-in-chief of the United Confederate Veterans, was to make the presentation speech this afternoon, and vice-president Thomas R. Marshall, former governor of Indiana, was to accept the bust for the State. William L. Bryan, president of Indiana University, where Colonel Owen went as a member of the faculty after he had resigned from the army, was also on the program. Governor Ralston presided. Many members of the Grand Army of the Republic were to have places near the speakers.

The movement to present the bust to Indiana was started by S. A. Cunningham, of Nashville, Tenn., publisher of the Confederate Veteran, the official paper of the Confederate organizations. Mr. Cuningham was a prisoner at Camp Morton. He said Colonel Owen's deeds of kindness and acts of courtesy, coupled with his efforts to alleviate the suffering of the prisoners, won their esteem and affection.

Shortly after being ordered to the front from Camp Morton, Colonel Owen was captured at Mumford, Ky., but was released by the Confederate commander, who said: "Colonel Owen, in consideration of your kindness to our prisoners at Camp Morton, you are free to go at will."

STEAMER FOR NEWPORT NEWS.

Holland-American Line Puts Three New Vessels in Use.

Newport News, Va., June 10.—The Holland-American Line has just added three new freight steamships to its fleet. They are the Nordyke, Osthdyk and Westdyke, al lof 10,000 tons gross register or about 2,000 tons larger than the present "dyke" steamers of that company.

The noodyeke is the first one of these new steamers to enter the service of the Holland-American Line. She was completed by her builders Messrs. Gray & Co., limited, of West Hartlepool, Eng., last month and started on her mained trip from Rotterdam for Baltimore, Newport News and Norfolk May 17 last and is expected to arrive at Norfolk tomorrow.

These three new and most modern steamships will all be placed in the Virginia service. The Osterdyk and Westerdyk having been built by the Irving Shipbuilding and Dry Dock Company ,Ltd., of West Hartlepool, will follow the Nooderdyk soon. The Osterdyk left on her maiden trip from Rotterdam for Newport News and Norfolk, June 7, and is expected to arrive at Newport News, Va., June 20.

The Holland-American line will maintain its regular fortnightly service between Virginia and Holland with these three new fast and large ships, giving to Newport News and Norfolk superior transportation facilities with abroad.

It is shown that the Holland-American line has full confidence in the future development of the Virginia ports and is ready to do their share to promote the interests of these ports.

CHURCH CONDEMNED.

Trustees of Richmond Edifice to Get Notice Yesterday.

Richmond, Va., June 10.—Officers of Fairmont Avenue Methodist Church yesterday received notice of the building's condemnation. The structure was examined Saturday by Building Inspector Butler, and is said to have been found in an unsafe condition.

The building is a frame structure and has bene standing for about eighteen years. It is located at Twentieth street and Fairmont Avenue. Since its erection a large primary room has been annexed.

A meeting of the Board of Trustees of the church was called for last night, the purpose of which was to discuss the question of constructing a new edifice and finding suitable quarters for worship in the meantime.

When the news of the condemnation of the building was whispered around the Sunday school yesterday the members were taken completely by surprise, the building appearing in good condition from both the interior and exterior. The church is one of the youngest on Church Hill.

FAVOR MARRIAGE LAW.

Episcopal Clergy Asks Ministerial Union to Unite With it in Moral Uplift.

Richmond, Va., June 10.—Although taking no action yesterday, there is every indication that the ministerial union of Richmond wil ladopt some measure for the endorsement of eugenic marriages at a called meeting to be held on June 23. There is a strong sentiment in favor of it, but definite action was postponed in order that members of various denomination could investigate the question further.

Thirteen members of the Richmond Clericus of the Episcopal Church have signed a paper in conformity with the resolutions adopted by the General Councils of Virginia. Rev. W. Russell Bowie, rector of St. Papul's is instrumental in bringing the question before the union. He has already been assured by numerous ministers that they will unite with him in the movement. He made a brief talk yesterday before the union and will be the principal speaker at the called meeting.

In addition to getting the Richmond ministers in line Mr. Bowie has secured the co-operation of thirty-five representative physicians in the city. Except for their help the efforts of the ministers would be without avail, as they must be depended upon to give the proper medical certificate. All who have been approached endorse the move and will probably assist in getting legislation along these lines through the next General assembly.

The Episcopal ministers have adopted resolution agreeing not to perform a marriage after a specified date, unless the prospective groom furnishes a certificate from a responsible physician stating that he is free from all diseases of immoral origin. The members of the Ministerial Union will be asked to sign the paper individually if the body refuses to take action collectively.

BLOW UP AMERICAN WARSHIP.

Stars And Stripes Flyng Upon Dummy Vessel Testing Harbor Mines.

London, June 10.—An extraordinary incident took place the other day at the Japanese naval station of Maizuru, or the Sea of Japan.

Some new harbor works had been completed, and by way of creating interest in naval matters, the public were invited to the opening ceremony. Various evolutions were performed, but the piece de resistance of the celebration appears to have been a demonstration of submarine mine-work. A model wooden warship, some forty feet in length, was moored in the middle of the bay, and with remarkable celerity the launches attached to the port kind a mine and connected it with the station on shore.

Whether by accident or design—and, in view of the official character of the proceedings, the former seems scarcely possible—the dummy vessel was decorated with the "Stars and Stripes." This touch of realism seemed to appeal to the spectators. At a given signal the mine was exploded, the "American" warship blown to pieces, an dthe harbor resounded with shouts of "Banzai!"

The present state of Japanse-American relations reacted upon a Kyoto student in another way. The youth, who belonged to the Young Man's Christian's Association, felt so much distress at the low standard of morality in America, as evinced by the anti-Japanese agitation in California, that he proceeded to commit suicide by way of protest. Fortunately, he was arrested in time by a freindly policeman.

SUCCESSOR TO DR. W. W. SMITH.

Ashland, Va., June 10.—The election of a successor to Dr. W. W. Smith, late president of Randolph-Macon Woman's College, at Lynchburg, will be the principal business to be transacted today when the trustees of the Randolph-Macon College system meet here.

The two strongest candidates, one of whom will probably be elected, are Dr. Snyder, of Wofford college, South Carolina, and Dr. W. J. Young, pastor of Centenary Methodist Church Richmond.

WOMAN TAKES BICHLORIDE.

Philadelphia, Pa., June 10.—Thinking she was taking a headache tablet Marie Armosa 27 years oll, of 2818 South Bouvier street, last night swallowed by mistake a quantity of bichloride, which probably would have killed her bad not her next door neighbor, to whom she is engaged, hurried her to a hospital in a laundry wagon, of which he is the driver. The woman is in St. Agnes' Hospital still seriously ill, and it may be several days before the physicians will know whether or not she will recover.

The bidding will be valued or started at $26,525.

Trustees and Commissioner's Sale of Residue.

Trustees' sale of the residue of the "Belvoir" or "White House" tract of land located in Mt. Vernon magisterial District Fairfax county Va., containing approximately 1100 acres with improvements.

By virtue of the authority vested in us by the will of Philip Otterback, deceased, and under decree of the Circuit Court of Fairfax County, Va., in the suit of Otterback vs. Bohrer, at its March and May terms, 1913, the undersigned trustees and commissioners will offer for sale at public auction in front of the Royal street entrance to the Market House in Alexandria Va., at

12 O'CLOCK NOON, ON SATURDAY, the 28th DAY OF JUNE, 1913.

the above described prpoerty.

This tract, the old home of Lord Fairfax and separated from George Washington's home at Mt. Vernon by Dogue Creek, originally consisted of approximately twenty-seven hundred, (2,700) acres, of which 1,500 acres has been taken by the United States government for a school of Equitation of Horsemanship. The balance, between ten and twelve hundred acres consists of valuable farming lands and about eight hundred (800) acres of valuable timber It has a large deep water frontage on the Potomac river as well as a large frontage on Dogue Creek, with valuable fishing shores. The property is improved by an old mansion house, familiarly known for many years as the "White House," a club house, barns, stables, out-buildings and tenant houses. It is situated on the county road between Mt. Vernon and Accotink, and is about four miles by road from Mt. Vernon. This property is one of the most historic in the section and would make a very desirable country estate because of its location and the opportunities afforded for fishing and shooting.

Terms of Sale:—One-third cash and residue in three equal annual payments in one, two and three years from the date of the confirmation of the sale with interest from the said date of the confirmation of sale at the rate of six per cent. per annum interest payable semi-annually with right to anticipate the time of paying the deferred payments secured by retention of title till paid.

A survey is to be made to ascertain the acreage. This will be ready on the day of sale.

YOUR HAIR IS TURNING GREY AND IT MAKES YOU LOOK OLD

This is Not the Time When Old Age is to be Desired

TO KEEP POPULAR KEEP YOUR APPEARANCE OF YOUTH

A young man was surprised to have his application for a position "turned down." He was better equipped for the position than the fellow who got it. He discovered that his grey hairs did it. He was "too old" looking. It's the same everywhere. There is no doubt but that grey hair does make a man look old. There is no use waiting another minute—don't lose your position or fail in getting a better one because you are old looking—use Hay's Hair Health now.

Those who are using Hay's Hair Health recommend it to their friends, because it is genuinely good, always restores grey hair to its natural color; destroys dandruff, keeps the scalp clean and healthy. You begin to note the difference at once. The few grey hairs disappear and never return.

Why look old when you are young? Get a bottle of Hay's Hair Health at once, start using it and see what a difference a few applications make.

WISHED SHE COULD DIE

And Be Free From Her Troubles, but Finds Better Way.

Columbia, Tenn.—"Many a time," says Mrs. Jessie Sharp, of this place, "I wished I would die and be relieved of my suffering, from womanly troubles. I could not get up, without pulling a something to help me, and stayed in bed most of the time. I could not do my housework.

The least amount of work tired me out. My head would swim, and I would tremble for an hour or more. Finally, I took Cardui, the woman's tonic, and am not bothered with pains any more and I don't have to go to bed. In fact I am sound and well of all my troubles."

Cardui goes to all the weak spots and helps to make them strong. It acts with nature—not against her. It is for the tired, nervous, irritable women, who feel as if everything were wrong, and need something to quiet their nerves and strengthen the worn-out system.

If you are a woman, suffering from any of the numerous symptoms of womanly trouble, take Cardui. It will help you. At all druggists.
